

New CUSTOM SKYLIGHT Line

Ridge

R. Lang Company, manufacturers of the Tru-Frame® family of building products is pleased to announce an addition to our skylight line. Tru-Frame® will now design and build custom flat glass or acrylic dome skylights in multiple configurations. Shapes and styles include ridge skylights, multi-light flat glass units, segmented barrel vaults, double hip units as well as multiple geometric shapes.

From pyramids to pentagons, Tru-Frame® has design options that will fit any building. We can further customize the units by offering custom paint frame colors in addition to a variety of acrylic colored domes or insulated glass configurations. Our design service can offer shop drawings as well as structural calculations if required.

Pyramid

Flat Glass

The R. Lang Company has always strived to deliver quality products at a competitive price and our Custom Skylight program will continue in that endeavor. From design to fabrication, our new Custom Skylight line will provide any home or commercial building the distinct design feature you are looking for. Do not hesitate to call your inside/outside sales representative with any questions you may have, and please do not forget to have R. Lang quote your next Custom Skylight project.
